No, but I can. I wasn't thinking about the fact that Gail usually drafts those, my apologies.

That would make sense since we had comments. In the hot issue we can explain we are concurring w/o comment, but may be proving clarification suggestions to OAQPS. That way I can sign the FAR memo (unless Greg wants to sign it).

Thanks

Good catch, Ms. Garvey (can't believe I missed that). Attached is revised FAR memo with duplicative paragraph removed.

Attached for your review is a draft of the R8 FAR memo for the NSPS OOOOa revisions to be proposed as part of the "policy package" (separate from the "technical package" which is on its way to Final).

Let me know if you've questions, edits, etc.

# Ex. 5 Deliberative Process (DP)

Amy provided that the next step, per OAR, was to upload the proposed package to OMB on April 15<sup>th</sup>. OAR has requested an expedited review, which some on the call surmised was 30 days.

We should send our memo as directed below no later than Wednesday next week (**April 10<sup>th</sup>**) and can follow up with an additional comment(s) once we see the legal rationale, if we so desire.

**Subject:** RE: NSPS OOOOa - 'Policy Package' FAR Meeting Delayed to 4/4

There has been a delay in the FAR for the 'policy package'. The rule-writing team met with the Administrator and he wanted to make sure that this rulemaking give AA-ships an opportunity in 'Option Selection' before the FAR, which typically would occur much earlier in the process.

The FAR has been rescheduled for April 4, 10am MT. I will be on holiday so I think Monica will sit in for R8 to say we 'concur with comment'. **Right, Monica?** I will write the FAR memo with one comment (see email below) after the FAR meeting (OAQPS's Hambrick said that is fine).

## Ex. 5 Deliberative Process (DP)

I will be working through Friday this week and then out until Tues, 4/9.

**Megan** – Will you be giving Deb Thomas a heads up about incoming meeting invitation for 'Option Selection'?

Megan –

As you know, the revisions to the NSPS OOOOa oil & gas rule, is happening in two packages. The “Technical Package” has been proposed and the public comments received are being responded to now.
